

BidPro Procurement Intelligence Research Programme 2026

Executive Research Prospectus & Invitation

Version 1.0 | July 2026 | Public Distribution

Publication Information

This publication introduces the BidPro Procurement Intelligence Research Programme 2026.

Message from the Founder

BidPro invites organisations across South Africa to participate in this independent procurement research initiative. Survey duration: approximately 8–10 minutes.

Executive Summary

The programme gathers procurement insights that will inform the 2026 South African Procurement Technology Insights Report.

About BidPro

BidPro is a South African procurement technology initiative focused on research, innovation and practical technology solutions.

Why Procurement Intelligence Matters

Evidence-based procurement supports stronger governance, digital transformation and informed decision-making.

Research Programme Overview

The programme uses a structured online questionnaire with voluntary participation and aggregated reporting.

Why Participate

Every response strengthens the quality and diversity of the research.

Research Timeline

Launch → Participation → Validation → Analysis → Report Development → Publication.

Confidentiality & Research Ethics

Participation is voluntary. Responses are handled responsibly and reported in aggregated form.

Participate

Survey: <https://forms.gle/eF6SkpxoJ4zvAVK57>
Estimated completion time: 8–10 minutes.
